

MULTI-PURPOSE WHITE GREASE 705

Multi-Purpose Lithium Grease

PRODUCT DESCRIPTION

PENNZOIL[®] MULTI-PURPOSE WHITE GREASE 705 is a lithium base grease which contains rust and corrosion inhibitors and a whitening agent which allows ready differentiation from other products and easy detection of contaminants. The off-white color makes it ideal for use in those applications where potential product spoilage may result from the use of dark grease. PENNZOIL[®] MULTI-PURPOSE WHITE GREASE 705 shows excellent shear stability with little change in consistency during use or storage. Because of its buttery smooth texture, it pumps well through all types of pressure systems, including centralized lubricating systems.

APPLICATION

PENNZOIL[®] MULTI-PURPOSE WHITE GREASE 705 is an excellent lubricant for wheel bearings on passenger cars, trucks, motorcycles, and boat trailers equipped with conventional brakes. For vehicles equipped with disc brakes, Pennzoil[®] Premium Wheel Bearing 707L Red is the primary recommendation for the wheel bearings. PENNZOIL[®] MULTI-PURPOSE WHITE GREASE 705 will also find use in industrial ball and roller bearings where an NLGI #2 lithium grease with mild EP is required.

BENEFITS

- Cream-white color permits quick discovery of contaminants
- Minimum change in consistency
- Saves on inventory investment because it covers a wide range of applications
- Good pumpability allows use through centralized systems
- Prevents rust and corrosion

**TYPICAL PHYSICAL AND CHEMICAL PROPERTIES
 PENNZOIL[®] MULTI-PURPOSE WHITE GREASE 705**

TEST	METHOD	TYPICAL RESULTS
Soap Type		Lithium 12-OH
NLGI No.		2
Color		Off-White
Texture		Smooth
Penetration, 60 strokes	ASTM D 217	280
10,000 strokes		287
Dropping Point, °F	ASTM D 2265	376
Oxidation Stability, psig loss after 100 hrs	ASTM D 942	4
Water Washout, % loss @ 175°F	ASTM D 1264	1
Timken, OK Load, lbs		40
Rust Test	ASTM D 1743	Pass (1,1,1)
Base Oil Properties:		
Viscosity		
@ 40°C, cSt	ASTM D 445	124
@ 100°C, cSt	ASTM D 445	12.8
Material Number		
400 Pound Drum		7056
120 Pound Drum		7055
35 Pound Plastic Pail		7054
12/1 Pound		7051
10/14 Ounce Cartridges		7755
